We have always been supportive of the Concept of the Cherryfield School — have been ashamed the of the facility this "School" was shoved into. We think the new School will be great — It's about time!

I brought 9 P.MORE kids and six walked back to 440 Park. I love this place. I think you should have a day of destruction in which we all can use the sledge hammers. Then auction off the bricks to raise $ to go independent. OK. Break.

A EXCELENT IDEA - TO SOLVE A
PROBLEM -

Name Linda Blocker my son I am sure would not be able to graduate from high school without this program. As a child who did not fit into the regular school system - mainly because resources are not available to deal with students on such an individual basis - his education & future could well depend on this kind of program.

Name Ernie Smith Counselor - Pima College
I am a supporter of this program at Pima College the program should be expanded.

Name Cheryl Brown Quality alternative programs will always be a necessary component of the educational system. Not every individual fits our established mold. In the long run this and other alternative programs are cost effective. I strongly support the continuation and enhancement of this program.

The program depends on ideas & people - not a place. Hope to help "Cherry Field" Survive & grow in TUSD

Name Terri Teschner

I feel Cherryfield has really helped my daughter and myself. I'm afraid if this program is swolled up in another program we will loose what we have built up.
